Emmanuel Herrera

Software Engineer

Innovative Programmer striving to make a difference in in the world through Technology.

✉ eherr0099@gmail.com   📱 9092286012   📍 CHINO, United States

EDUCATION

Honors Student
Chino High School

09/2014 - 06/2017   *3.75 GPA*

Highlighted Courses

- Passed AP Calculus BC exam with a 4

Computer Science
Mount San Antonio College

06/2017 - 08/2022   *3.2 GPA*

Took many upper division math and programming courses. Learned Java, C++, and Multi-variable Calculus while attending Mt. Sac.

- Java Programming
- C++ Programming
- Multi-Variable Calculus
- Physics
- Linear Algebra

Software Engineering
Arizona State University

06/2021 - 04/2022   *Tempe, AZ*

Gained programming and engineering skills while studying here. Learned how to work as a group to finish a semester long project for my Engineering class. Learned Java, Discrete Mathematics, and Engineering skills while attending ASU.

- Java Programming
- Discrete Mathematics
- Intro To Engineering

SKILLS

Git   Python   JavaScript   C++   Java

ORGANIZATIONS

FrontEnd Simplified Student - Web Development (04/2022 - Present)
Learning how to create responsive websites while using HTML, CSS, and JavaScript.

CERTIFICATES

Crash Course on Python - Google IT (10/2020 - 01/2021)
This course got me familiar with doing IT work while learning Python at the same time. It also elevated my ability to problem-solve through coding.

LANGUAGES

English
Native or Bilingual Proficiency

Spanish
Professional Working Proficiency
